

Athlete Safeguarding Policy

This document is a placeholder generated for the Saudi Triathlon Federation website design prototype. It exists so that every download action on the prototype delivers a real, correctly named PDF file.

In the production website this file is replaced by the approved, signed document published by the Federation, in both Arabic and English editions, and served from the documents library with its category, year and file size shown on the page.

Nothing in this file is an official statement of the Saudi Triathlon Federation.
